PRESIDENT'S REPORT

By: Mark Verwest

ATTENTION ALL RSOs: When exiting or entering the Main Gate, please make sure the gate closes behind you. There is about a 30 second delay on the sensor and we have had non-members driving in through the gate when someone has just driven off without ensuring that the gate has closed.

* * * * *

On behalf of the Tri-Cities Shooting Association, I would like to thank the **Benton County Fire District #2** for cutting the fire breaks around our Ranges. Just in time for the hot and dry season ahead of us. Thanks!

I would like to also thank **Tex Long** and **Chuck Nay** for riding herd on the Range Gates in support of the Benton County Fire District #2 work.

With the high temperatures expected for this summer, you need to stay hydrated while out at the Range. Bring plenty of fluids and remember to drink them. If you need a break from the sun and heat, the Rose-Iris Range House and Shotgun Range House are air conditioned.

ROSE-IRIS RANGE

Hours of Operation
9:00 a.m. to 3:00 p.m.

Wednesday, Friday, Saturday, Sunday

VICE-PRESIDENT'S REPORT

By: George Hager

Howdy all! It is nice to be back among the living, especially at the Range. Since back I have had the opportunity to shoot in a couple matches and ran a couple too.

After this weekend I wanted to remind our members to stay hydrated and as cool as possible! I also wanted to reach out to our Range Safety Officers (RSO) and thank them for the hours of effort they volunteer to keep us safe and the RMSF a pleasant place to enjoy our hobby.

As some of you are aware, there is an effort afoot to develop a Youth Shooting Program/Club. Please read David McNeal's column in this and past Newsletters. If you have any ideas of what you as a parent or (more importantly) a YOUTH please feel free to reach out to Dave (mcnealendoofthetrail@gmail.com) or myself at the email listed at the top of the Newsletter.

Stay SAFE & COOL!

TCSA PUBLIC MEETING

THURSDAY, JULY 11
7:00 p.m.

RICHLAND PUBLIC LIBRARY
(Conference Rooms A & B)

TCSA FACILITIES

ROSE-IRIS RANGE – A 100-yard range with 20 covered firing points. This day use Range Safety Officer supervised facility is operated for public use on a regularly scheduled basis Wednesdays, Fridays, Saturdays and Sundays.

RIMFIRE PLINKING RANGE – A 50-yard 22-caliber Range Safety Officer supervised Shooting Range with reactive targets.

CENTERFIRE PLINKING RANGE – A 50-yard handgun pistol/revolver RSO supervised range with reactive targets for firearms using black powder or standard pistol cartridges.

COWBOY / PRACTICAL PISTOL BAYS – Ranges consisting of 13 bays of varying lengths designed to support a variety of action shooting disciplines such as; Practical (IPSC/ USPSA) 3-Gun Sports and Cowboy (SASS) groups.

Cowboy Action Rep. – **Charles Kissler** – 509.783.8505

Nelson Thomas – 509.727.4678

Practical Pistol Rep. – **Curt Berger** – 541.720.7826

1000-YARD, HIGH-POWER RANGE – A Range consisting of 100, 200, 300, 600, 800, 900 & 1000-yard firing lines that can support 20 firing stations on each firing line (utilizes manned target operation). The 400-yard line has 5 firing stations and the 500-yard line has 10 firing stations. This Range supports High-Power Rifle, Long Range PALMA and Precision Shooting Events of various disciplines, including 50-Caliber.

High-Power Rep. – **Mike Sowa** – 541.571.1892

HUNTER EDUCATION RANGE: This Range has been designed to support Hunter Education Training Classes and also has a practical field exercise area containing obstacles hunters could expect to encounter in the field. The covered firing line can be used independently by current RSO's as an overflow from the Rose-Iris Range and may be available for RSO supervised public event use when not being used for the conduct of Hunter Education Classes.

Hunter Ed. Rep. – **Randy Absolon** – 509.845.3632

PRIMITIVE USE RANGE: - A Range Area for muzzle loading and primitive Sagebrush Free Trappers reenactment events with parking, staging and various range areas.

Primitive Range Rep. – **Clint Bouslaugh** – 509.585.6415

SHOTGUN RANGE: Includes a set of two ATA regulation Trap Fields, two Skeet Ranges and a Sporting Clay Range supporting five firing stations and a Pattern Board.

Shotgun Rep. – **Mark Monopoli** – 509.531.6929

“WELCOME” NEW MEMBERS

Welcome! In this Newsletter you can find the contact information for the Board Members and above you can find contact information for the different Ranges. The Ranges were built and are maintained by volunteers. We encourage you to get involved and be a part of TCSA.

New members from this past month should have already received their membership card(s). If you have not received your card, contact **Sue Verwest** at membership@tcsa.info or 509.735.1662.

Check out our TCSA web site www.tcsa.info for a variety of information. The Newsletter is posted on the web site the beginning of each month.

HUNTER EDUCATION AND SAFETY ASSOCIATION

By: **Randy Absolon**

We had 18 students in our Traditional Hunter Ed Class that was completed on June 27. Our next **Traditional Class** will probably be in **January of 2025**.

We have evaluations for students who have completed the **Online Course** set up for **August 10, September 7 and September 27**. Registration opens about three weeks before each session and can be done on the WDFW website. Classes typically fill up quickly in the fall, so if you need this Class, I would recommend you sign up the day it opens.

RSOs using the HESA Range are expected to sign in at the Rose-Iris Range before going over to the HESA Range to shoot. You are also expected to clean up when you are done shooting, including returning target stands to the Rose-Iris Range House and picking up brass.

Always remember to treat every firearm as if it was loaded, control the direction of your muzzle, be sure of your target and what lies beyond it, keep your finger off the trigger until you are ready to shoot and store firearms and ammunition separately and securely.

If you have questions about our Hunter Education Classes contact me at: randyabsolon@gmail.com.

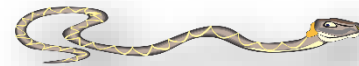

Hearing and Eye protection required when shooting!

RATTLESNAKES

Watch where you step and when you reach for things.
Be aware of your surroundings.

~~ FIRE SEASON ~~

Please use Extra Caution!

CHIEF RSO REPORT

By: Mike Ensminger

RSOs PLEASE NOTE: The gate at the Rose-Iris Range is motorized and is activated by scanning your key card on the card reader on the post situated about six feet from the gate. **DO NOT grab the gate and try to help it open or close.**

When exiting, please wait to see it close before you head out on the highway and make sure no one sneaks in during the 30 second time delay.

RSO Questions / Concerns
Chief RSO - Mike Ensminger
chiefrso@tcsa.info or 509.521.9628

NEXT RANGE SAFETY OFFICER CLASS

By: Dan Martini

Our next 8-hour **Range Safety Officer Class** will be conducted on **Friday July 12** starting at 8 a.m. at the Shotgun Range House. If you can make that date, send me an e-mail message to dantini@charter.net with a YES and include your TCSA Membership number. I will add your name to the Class List and will send you a reminder message with all the details a week before the Class.

To become a TCSA Range Safety Officer, you need to be a current TCSA Member, attend the Friday 8-hour RSO Class and volunteer to do 3 Duty Days per year on a Wednesday, Friday, Saturday or Sunday at the Rose-Iris Range. You choose which three days you will be able to meet.

ADVANTAGES OF BEING A RSO

To become a TCSA RSO, you need to have and maintain your TCSA Membership, complete an 8-hour Class and volunteer to stand 3 days per year at the Rose-Iris General Purpose Range on a Wednesday, Friday, Saturday or Sunday. You choose which of those three days you will be able to meet.

The advantages of being a RSO and obligating yourself as a volunteer at TCSA means that on days when the Range is not open to the general public - YOU - as a RSO can use the Range. **Having gone through the RSO Training Class and volunteering your time you are able to go to the Range any time you like!**

For more information and to get your name on the list for the next RSO Class see the Article on Page 3 and contact **Dan Martini** at dantini@charter.net.

RATTLESNAKE MOUNTAIN STEEL SHOOTERS

By: Mike Ensminger

64 guns were represented in the June Match and we will be out there again **July 7**.

Shooter's meeting is at 9:15. Sign-up is at the Range on Match Day. If you want us to pre-squad you, send us an email at mikeberta4@gmail.com with names and whether 1 or 2 guns each. Anyone 17 and under shoots free.

PRIMITIVE RANGE

By: Clint Bouslaugh

The June shoot date was a little windy.

We were able to do some site improvement this month to clear dead brush from in front of our target board. We also measured out some distances to setup new long-range targets from our shooting board station. In the next few months, we should have gongs out to 150 yards. This will enable people to shoot longer distances without hiking the trail walk.

Our next scheduled shoot will be **July 20** from 9:00 a.m. until noon.

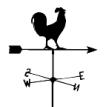

COWBOY ACTION

By: Mike Ensminger

We had 14 shooters for the June Match and the good news was that it didn't hit 100 degrees till we were headed back to town. Not sure what to expect for July, but we plan to be out there again on **July 27**; shooters meeting is at 9:00 a.m.

WEATHER CONDITIONS at the Range can be found on our homepage – www.tcsa.info

ALL MEMBERS MUST show a current **Membership Card** to the RSO on duty upon arrival at the **Range**. Membership Cards need to be shown at **all Ranges** and **all Events** or you will be required to pay the non-member **Range Use Fee**. **EVERYONE** must sign-in!

PRACTICAL PISTOL

By: Pam Harper

USPSA National Range Officers Institute, **NROI**, has a website that has valuable information about the Rules and interpretations of the Rules. Check it out at <https://nroi.org>

TIDBITS: Having an RO Certification helps you to know the Rules, which will allow you to become a better competitor. Sign up for the **July 20 - 21 RO Seminar**. Details below.

NATIONAL NEWS: www.uspsa.org

The dates for USPSA Nationals 2024 can be found here <https://uspsa.org/nationals>

The **USPSA Rules:** as of February 2024 <https://uspsa.org/viewer/2024-USPSA-Competition-Rules.pdf> can be downloaded to your phone. The USPSA Rules Change Log is located here <https://uspsa.org/viewer/Competition-Rules-Change-Log.pdf>

LOCAL NEWS:

EWPSA will be hosting a **Level 1 Seminar (RO Class) July 20 - 21**. You can register for this RO Class with the following link <https://uspsa.org/seminars/details/551>. You must be logged into USPSA before registering. If you enjoy shooting with us, please consider signing up for the Seminar and giving us a hand during our local Matches. Your help would be greatly appreciated!

All **EWPSA Match** results can be found here (Practiscore.com): <https://bit.ly/EWPSAscores>

The **Inland Empire Sectional Match** June 15 - 16 had 192 competitors with 9/9 USPSA Divisions represented. The Division winners were: Carry Optics: **Christian Sailer** (overall winner); Limited: **Todd Anderson**; Limited 10: **Christopher Horsethief**; Limited Optics: **Adam Zelik**; Open: **Tanner Breen**; PCC: **Gary Chan**; Production: **Latu Moala**; Revolver: **Andrew Hall**; and Single Stack: **Brian Humann**.

The monthly **2-Gun Match** June 22 had 18 competitors with 3 Divisions represented. The Division winners were: Tactical: **Brian Humann** (overall winner); Armored: **Rodrigo Silis**; Open: **Kelly Hill**.

COMING UP:

All upcoming EWPSA Matches and Registrations can be found here: <https://bit.ly/EWPSAmatches>

EWPSA will be hosting:

SCSA Steel Challenge Match July 14. Canceled.

EWPSA USPSA Monthly Match July 21 - Gates will open at 9:00 a.m., shooters meeting at 9:30 a.m., shooting begins at 10:00 a.m. The Match cost is \$20 members / \$25 non-members. More details on Practiscore.

EWPSA Summer 3-Gun Match July 27. Sign-in begins at 9:00 a.m. Shooting begins at 9:30 a.m. The Match cost is \$25. More details on Practiscore.

EWPSA Carbine Match August 10. Sign-in begins at 9:00 a.m. Shooting begins at 9:30 a.m. The Match cost is \$25. More details on Practiscore.

OPPORTUNITIES FOR YOUTH SHOOTING SPORTS TEAMS AND CLUBS

By: **Dave McNeal**

In December of 2023 TCSA leadership embraced the concept of developing a club for Youth Shooting Sports within TCSA. A committee has reviewed interest among our Board of Directors, discipline leaders, some of the match directors, TCSA general membership, families with Junior Members of TCSA and community leaders in West Richland. The committee has also reviewed opportunities to develop and/or expand events within TCSA and in our communities and is working on drafts of proposed protocols for club activities. Thanks to **Ron Jorgenson**, **George Hager** and **Will McNeal** for participating in the committee. And thanks to the TCSA members who have volunteered to assist in development and operation of a club.

Since we are still in a developmental phase, we are going to ask for more input from the parents of Junior Members who responded to the survey that we have conducted over the past couple of months. We are asking those parents and their juniors **to join us at a fun shoot and discussion session** on a date to be determined by their availability later in July.

Parents and/or Juniors who have not responded to the survey but would like to participate can contact Dave at mcnealendoofthetrail@gmail.com

SHOTGUN REPORT

By: Mark Monopoli

Happy Fourth of July everyone! Wednesday evenings have been heating up, just like the weather. That's right if you want to come out and shoot a couple of rounds on Wednesday, Shotgun is open from 9:00 a.m. – 7:00 p.m. for the summer months.

I am happy to report the new voice calls have been working wonderfully. It really doesn't seem like they would make that big of a difference, but they do. Having calls that work almost every single time is something we are probably going to start taking for granted.

Everything is humming right along at Shotgun and we really appreciate everyone volunteering their time to our wonderful Range. We have a couple of housekeeping things to take care of in the way of what is acceptable at Shotgun and what is not.

- As a Range Safety Officer at Shotgun you are allowed to shoot on off days. You are also allowed to bring guests with you. **If you bring guests who are not TCSA Members, they still must pay the \$10 Daily Use Fee. This is not negotiable.** Yes, even if it's your uncle.
- **Every single person that comes out to Shotgun needs to sign-in, whether they are shooting or not.** It is so we can report how many people visit the Range to the Benton County Parks Board. It is not some nefarious tracking system.
- When you shoot on days the Range is not open, you still need to fill the machines just like any other day. The Range should always be left in a "Ready to open" state.
- If you wish to use the Shotgun Range House for an Event it must be approved and on the TCSA calendar. Please contact myself (email at end of this Shotgun Report) and I will point you in the right direction.
- Please do not adjust the machines outside of normal tolerances for throwing standard Trap and Skeet targets. If you do not know what those standards are, please do not adjust anything. If you have questions or would like to try something different, please ask so we do not damage the machines.
- Also, if you see, or hear something that doesn't seem right, let myself or another Shotgun Board member know. This can apply to the machines, sprinklers, toilets, safety issues, etc.

Remember we have a new **Shotgun RSO Scheduler, David Russie** for Shotgun. You can reach him at roscheduler@tcsashotgun.com if you have questions regarding RSO Scheduling days.

Russie will be texting out reminders during the weeks to everyone that has duty coming up. If you are not sure of your duty days please get in contact with Russie. We depend on everyone working the days they signed up for. Thank you for volunteering your time at Shotgun, we do appreciate it.

A couple of things to remember when closing the Trap and Skeet houses.

1. Please make sure the machines are fully loaded and take all the cardboard boxes to the dumpster.
2. Be sure to release the throwing arms on all the machines. This is not only so that the machines are safe, it also helps preserve the throwing bands. If you have questions, please ask.
3. The chain across the road needs to be put up when the Range is closed.

Hero Volunteer of the Month is going to **Rick Poehls** for the month of July. Many of you know that Rick quit us to move to North Carolina a few years back. Well Rick quit that state as well and decided Washington was his one true love. Since moving back Rick has taken over machine maintenance on the 5-Stand field and he is actually doing a pretty good job of it. Thanks for coming back, Rick, we are mostly happy to see you!

If you take a new Membership, please remember to give out Temporary Membership cards to all new or renewing members. **Please make sure they understand they will need to present the temporary card every time until they receive their permanent card in the mail.** If they do not have either card they will have to pay the \$10 Daily Range Use Fee. **We do not refund the \$10 fee at any time, for anyone.**

Thank you to everyone for volunteering at the Shotgun Range. If you have the time, come out and enjoy shooting at this great Range of ours. Have a great month everyone and thank you again!

SHOTGUN RANGE HOURS

Wednesday – 9:00 a.m. to 7:00 p.m.
Saturday and Sunday -- 9:00 a.m. to 3:00 p.m.

Current weather conditions at the Range can be found at www.tcsashotgun.com and www.tcsa.info.

Thanks for reading! Feel free to drop me an email at mark.monopoli@outlook.com.

HIGH-POWER

By: Dave Baalman

Well hello summer, where the heck did you come from? I'm still trying to figure out how spring got here and suddenly it's 90° outside. This is a great time to remind everyone to exercise fire prevention discipline on the Range. Keep on the gravel roads, do not shoot steel core bullets at steel targets, no tracers, etc. I can tell you that the fire breaks work well, you do not need to test them for us!

July looks to be another busy month. On the Centerfire side of things, we've got a **V2 Points Series Long Range Match** on **July 13** and a reduced yardage across the course match on **July 14**. This is a great Match to test the waters in across the course high-power, it is just a TCSA Match so no submittal of the scores to NRA or CMP and its reduced yardage (200 yards) so no need for special ammo etc. In fact, any center fire rifle that can hold 5 or more rounds and be reloaded with a box magazine or stripper clip will be able to hold its own in this Match.

On the Smallbore side of things, we've got a **50- and 100-Yard Dewar Match** on **July 2**, a **Vintage Smallbore** on **July 4**, a **50 Yard USBR Smallbore** on **July 9**, a **50 Yard ARA Smallbore** on **July 11**, a **100/200 Smallbore Prone** on **July 20**, a **Precision Rifle 22 Match** on **July 21**, a **100 Yard Mini-Palma** on **July 23**, and an **ELR 22 Match** on **July 27**. Note Smallbore is on their summer hours, **everything starts an hour earlier than last month. Don't be late** or they'll put you on relay 3, which fires next month!

Even with all that on the schedule, I count 3 weekend days and all 4 Fridays in July that are open. If you are a High-Power RSO and want to celebrate America's birthday by burning some powder you have several opportunities.

Looking back at June, by the time you read this the June 29 and 30 NRA RMC and CMP leg Match will have happened, but as I write this it is still a day away. I will have a shout out next month to whatever state junior team member (or coach) beat us all up this time.

On the Smallbore side of things, for the June 5 Dewar Match the forecasted heavy winds held off and 6 shooters enjoyed relatively favorable 62°F, partially overcast, 3-7 MPH conditions. **Glen Buxton** posted the high score for the season thus far, winning both the match and high card honors with a 399-28x. That's good shooting in any conditions or any discipline!

For the June 7 Vintage Smallbore Match, eight shooters found nearly ideal conditions on a Thursday morning, with clear skies, comfortable temperatures and light winds. The scores reflected it. **Glen Buxton** won the Match with a high score of 399-31X, {editor's note, see my comment

about a 399-28x in the paragraph above and draw your own conclusion about a 399-31x from there} while **Mike Bunch** and **Tom Walchuck** tied for the high card honors, both turning in a second card of 200-17X. **Ron Jorgensen** shot two clean targets, but his scope handicap dropped him way down the standings. **Larry Meerdink** also had an excellent day, one point behind Ron, but was similarly roughed up by the scope handicap.

For the June 1 50-Yard USBR 22 Match, wind returned to the Rattlesnake Mountain Shooting Facility, as it seems to do often. The temperature was pleasant, averaging 70°F over the Match, while winds varied from 5-10 mph quartering from the shooters' left rear to right front. Junior shooter **Merrick Gardner** joined us for his first go at the "Green Monster" and we hope to see him back during the summer. **Mike Bunch** won the Match and honors for the high card. His 481-10X aggregate becomes the highest score for this Match thus far in 2024, while his 241-10X ranks as the highest card so far this year. Way to go Mike!

For the June 13 50 Yard ARA 22 Match, calm winds, clear skies, and comfortable temperatures prevailed. Only shooter skills, ammo consistency and equipment determined the outcome of the Match. **Ben Cook** was the Match and high card winner and set a new high card record for the year to date with a 2250-11x. This outing also afforded some lessons learned/comic relief.

Lesson Learned 1:

Q: What is the function of the knurled knob on the back of a Suhl 150 bolt?

A: It is NOT the safety. It does function as the retaining element for all the bolt parts, and when turned and not controlled will spew them everywhere. There are few things funnier than 4 old guys searching the firing line on hands and knees in search of a tiny bolt plunger spring, unless it is the same 4 guys trying to figure out how all the parts have to be oriented to go together and restore functionality!

Lesson Learned 2:

Q: What is worse than firing two shots into a record bull on the ARA unlimited target?

A: Not rechecking your target before completing it, only to find out when scoring starts that you skipped an entire row of bulls and handicapped the card by 500 possible points right off the top!

That is entertainment! {Editor's note: it also goes to show that even the most experienced have bad days sometimes and the eventual winner isn't necessarily the shooter who can hold the hardest or read the wind the best, it's often the shooter who makes the least mistakes!}

The full schedule is available at <https://www.tcsahighpower.org/>. You can see a full description of each match on our website as well <https://www.tcsahighpower.org/match-descriptions>
